## Diwali Celebrations

Diwali- The festival of lights reminds us of not only the festive season of lights, joy and happiness but also remind us the victory of veracity on evil forces. This year it indeed lit up the lives of the members of Action healthcare family. Keeping with our office tradition, this festivity was celebrated in the form of a grand lunch being organized at the Action Green Lawns with the décor and ambience exquisitely selected to compliment the festive mood on 09 November 2015.

The celebration started off with the charming ladies and the dashing gentleman gathering at the venue in all their traditional finery.

It all began with the announcement of "one of the best results of all the students of Ginnidevi Action School of Nursing in Delhi/NCR" by the Principal.

The Best nurses for the month of October 2015 were awarded and handed over the prize money by the Chairman – Shri lala Mangeram Aggarwal & Guest of honour Shri Sohan Lal Ji.

The President of the group congratulated everyone on their tireless effort for the growth of the hospitals with his words of encouragement. The CEO of the Hospital welcomed the new members of the Action Family and also conveyed his Diwali wishes to everyone. The event concluded with the cake cutting ceremony for all those who share their birthdays in the month of November and the binging of sumptuous lunch spread.

Team work and joint efforts by all members made us enjoy every fragment of Diwali celebration.
